“Knowing that Loan Market has a team of marketing experts and has done the research, why would I try to involve myself in something where an expert can do it? My website, my Google Business profile, being recognised on Facebook and Instagram, Amplify—I have everything turned on, and it’s been the simplest part of my business. It’s set and forget.”

- Samantha Barnett

“Loan Market has been a great support to my broking journey and my business from day one! They have been instrumental in encouraging small group broker “tribes”. This has led me to many women business owners who are nothing but encouraging, supportive and the biggest cheerleaders! **I simply would not want to be anywhere else!**”

- Amanda Young

“Leaning on the Loan Market brand to grow my own presence through their marketing tools and relationships was a no-brainer. It’s made it so much easier for customers to find us and makes the first interaction with a new client so much easier. **The phone rings all the time.**”

- Stephanie Thomas

“Loan Market is family. They have supported me through so many phases of my career; as a young, new to industry broker; a working mum with a young family; and now as a mature business ready for growth. We go through the highs and lows together and it feels like home. The Leading Ladies community is phenomenal and further cements my commitment to the brand”

- Cara Haynes

“I’m located in Rockhampton, QLD, and the power of the Loan Market brand really stands out. We’ve built a strong partnership with Ray White, even just the visibility of the Loan Market logo alongside the well known, trusted yellow Ray White logo adds an extra layer of credibility that clients truly appreciate. **It’s a support I wouldn’t have without Loan Market**”

- Mary-Louise Medlin

Loan Market does not have the constraints that often come with a franchise model. We don't restrict you with handcuff agreements or lock-in contracts, and you can choose to leave at any time without penalty.
